The Office of the State Auditor Town Financial Reporting form was signed by the Chair and the Town Clerk. This report must arrive at the Office of the State Auditors office no later than March 1, 2004.

Met Council- Elko/New Market WWTP expansion project.

Tom Caswell, Jack Frost and Christy Mackaman represented the Met Council. Christy briefly outlined the "Upper Vermillion Land Use Study" The sub regional study is currently on hold until the Scott County COMP Plan has been submitted.

The Met Council has received Eureka Township's COMP Plan, they are currently reviewing it.

The town board expressed concerns over the increased traffic flow on the 235th and 225th due to the new High Schools in Lakeville and Farmington.

The town board is concerned that the Elko/ New Market WWTP expansion project will increase the water flow in the Vermillion River.

An Interceptor system would eliminate the increased water flow into the Vermillion River.

There will be no cost to the township if an interceptor is installed, unless they hook up to the system.

The town board will set up a meeting with Bob Erickson, Lakeville Administrator and a separate meeting with Ed Shukle, Elko/ New Market Administrator to discuss the Elko/ New Market WWTP expansion project.

The township has not received the EAW for the Elko/ New Market WWTP expansion project. The deadline for comments is March 16, 2004.
